

# Parquet worlds

**SCHEUCHER®**

## From the forest to PARQUET FLOORING

For many years now, Scheucher, a family-run company with a long tradition and its headquarters in heavily-forested Styria in Austria, has been producing elegant parquet flooring that meets with a superb reception in more than 40 countries throughout the world.

Allow yourself to be won over by a complete range of types of woods, grades and finishes, and feel the love and perfection embodied in

each parquet floor from Scheucher. Take a little time to travel into our world and find the ideal parquet floor for you – I'm certain there is one.

If you would also like to view our complete range online, I recommend you visit our website **[www.scheucherparkett.at](http://www.scheucherparkett.at)**.

A handwritten signature in black ink, appearing to read 'Karl Scheucher'.

Ing. Karl Scheucher  
Managing Director, Scheucher Holzindustrie

# Parquet from Scheucher is **QUALITY**

Highest precision in production guarantees the unique quality of every single parquet from Scheucher. True to the principles of Scheucher Holzindustrie GmbH, every single stage of the manufacturing process is geared towards using our natural

resources in the most sustainable ways and applying the highest standards of environmental protection. These principles enable the family-run company with a long tradition to create an excellent product of highest quality..

The Ü-Sign confirms the general technical approval and is controlled by the external institute EPH Dresden.

Declaration of French VOC regulation. Valid for 3-layer parquet & BILAflor 2-layer parquet.

Declaration of French VOC regulation. Valid for BILAflor 28 series.

RealWood is the official seal of the European Parquet Association confirming the parquet is made from real wood and is no artificial replication.

PEFC-certified wood comes from controlled sources out of sustainably managed forests.

FSC certified wood comes from controlled sources which fulfill the worldwide consistent principles of FSC. Main goal is sustainable forestry in the world.

CE-label confirms compliancy with European Standards and is obligatory when selling this product.

The Scheucher warranty guarantees full functionality of your hardwood floor for 30 years. The current terms of warranty apply.

# BEAUTY comes from outside

## Notes on oiling and waxing

Natural surface finishing using high-quality oils and waxes preserves the fresh character of the wood and creates a positive impression with a silky, mat surface. Through finishing with breathable material, a healthy climate in the room is guaranteed.

- Deep-down protection, soaked into the parquet
- Resistant to water and dirt
- No static charge
- Can be partially repaired

## Varnished and sealed

This high-quality, up to 8 layers consisting sealing system ensures that parquet floors have a natural appearance. With a silky sheen, it creates an exclusive look that also provides excellent resistance and increases usage life.

- Resistant to water and dirt
- Resistant to chemicals
- Environmentally friendly and easy to clean
- Appearance: matt, silk matt or high gloss available

### SEDA

With SEDA, high-quality, natural oils and waxes ensure that your parquet will radiate a pleasant, matt sheen for a long time.

### SEDA str.

SEDA str. enhances the parquet's natural properties still further and is recommended for striking surface structures.

### TENSEO classico

TENSEO classico gives your parquet floor a silk-matt shine, with a radiance that is pleasing to the eye.

### TENSEO matt

TENSEO matt impresses with a subtly-elegant shine, which will win over even fans of natural finishes.

## See and feel the **DIFFERENCE**

Selected types of parquet can be obtained from Scheucher with extraordinary surface structures. This creates a tangible and visible pattern, with an incomparable feel, making the parquet floor appear three-dimensional.

You will be amazed at the striking impression this creates: feel it for yourself by visiting a show room and experiencing the Scheucher parquet with all your senses!

### **VALLETTA**

Valletta lends parquet flooring a natural character and subtle roughness, as it is brushed and has a bevel –available for:

- ☐ Ash
- ☐ Oak
- ☐ Old Oak
- ☐ Oak smoked
- ☐ Oak smoked Medium
- ☐ Oak steamed

### **VALSEGA**

Valsega ensures a characterful and striking surface impression. Here, the parquet surface is band-sawn and brushed – available for:

- ☐ Ash
- ☐ Oak
- ☐ Old Oak
- ☐ Oak smoked
- ☐ Oak smoked Medium

### **2-SIDED AND 4-SIDED BEVEL**

For all types of wood: With the 4-sided bevel surface structure, the parquet elements are given bevelled edges on all four sides, which allows the structure of the individual elements in the overall arrangement to stand out pleasantly. With the 2-sided bevel surface structure, the bevelled edges are only on the two longitudinal sides.

# Bringing out COLOURS

Scheucher takes selected types of woods and gently treats them with high-quality colours, in order to give the starting material the perfect colour finish in line with the customer's wishes. Discover the colour variants listed for each type of wood, which will allow

you to create a refined living area far from the mainstream, and experience the amazing diversity on offer, with a range of hundreds of colour and wood combinations available.

## NATURA

Natura skilfully gives nature a helping hand and enhances the original colour, in order to achieve a naturally maximised colour effect.

- All types of wood

## PERLA

Perla gives the parquet a silky sheen that is reminiscent of the soft shimmer of mother of pearl – for a stylish understatement.

- Ash
- Oak
- Oak smoked
- Oak smoked Medium

## BIANCA

Bianca emphasises the youthful radiance of light-coloured floors and preserves this for many years thanks to special ingredients.

- Ash
- Oak

## SILVA

Silva finishes floors with a silk-matt shine, which brings to mind the shimmer of ivory – refined and subtle.

- Ash
- Oak
- Black Walnut

## SAHARA

Sahara gives the mid-tones of parquet flooring an even richer effect and lends them a profound brilliance of colour.

- Ash
- Oak

## SIENA

By enhancing the intensity of the brown tones, Siena creates Tuscan charm and embodies natural tradition.

- Oak

## TERRA

Terra exudes earthy rootedness and lends dark-coloured parquet floors an even greater fundamental naturalness.

- Ash
- Oak

## Giving wood a hint of **COLOUR**

One absolute innovation from Scheucher takes the form of two wonderful colour treatments that open up new worlds of colour in old oak parquet flooring. The high-quality treatments known as Natura and Jura are applied in a gentle, environmentally-friendly manner and, after careful handling, create an incomparable surface experience.

Your Scheucher dealer offers the perfect opportunity for you to experience this exclusive innovation up close. Only available in the optional surfaces Valletta and Valsega!

### **NATURA**

Natura perfectly brings out the organic structure of the parquet flooring and emphasises the medium of wood itself.

 Old Oak

### **JURA**

Jura gives the wood's surface a stony look, with light silver overtones and a strong, dark base.

 Old Oak

# DIVERSITY deserves to be unfolded

## How to find your favourite parquet flooring

Choose the colour of your parquet flooring by unfolding this page. Here you will find four colour groups (Young, Natural, Spirited, Extravagant) available, containing a wide range of wood types. Then, consider the information re-

garding the surface structures and surface finishes available with Scheucher parquet flooring as well as which variants are available in the relevant types of wood.

## YOUNG

Maple eur. Natura

Hard Maple Natura

Ash Natura

Ash Perla

Ash Bianca

Ash Silva

Oak Perla

Oak Bianca

Oak Silva

**Light-coloured parquet flooring** will enchant you with its young, fresh spirit, and brings lively lightness into rooms. Moreover, this brightness has the optical effect of making rooms appear larger and enhances spatial awareness.

Bamboo Natur

## NATURAL

Oak Natura

Oak Sahara

Ash Sahara

Iroko (Kambala) Natura

Bamboo Crème

Apple Natura

**Brownish-coloured parquet floors** radiate the calming brown colour of the floor and earth rooms in a pleasant manner. Natural sand, humus or foliage tones have a harmonic effect on the room's character and create a secure atmosphere.

Old Oak Natura

# SPIRITED

Red Oak Natura

Pear st. Natura

Kirsch ami. Natura

Beech st. Natura

Cherry eur. st. Natura

**Reddish-coloured parquet floors** enliven rooms with the power of their colour and radiate profound warmth. They are reminiscent of the red earth of Australia, the play of colours seen in canyon landscapes during the evening or the fiery Southern temperament.

Plum Natura

Merbau Natura

## EXTRAVAGANT

Oak smoked Med. Natura

Black Walnut Natura

Oak smoked Natura

Acacia st. Natura

Ash Terra

Oak Terra

Oak smoked Perla

Wenge Natura

Oak Siena

Oak st. Coupal

Old Oak Jura

Black Walnut Silva

**Dark parquet flooring** ensures tasteful, refined elegance in all rooms and will win you over with esoteric mysticism. The dignified appearance with many colour nuances is indicative of purism and a perfect sense of style.

# MAPLE EUR.

The European light wood of medium hardness lends rooms a friendly ambience and darkens over time to soft yellow tones. .

Available in these styles:

3-strip

Shown here:  
3-strip Maple eur. Natur Natura

# BAMBOO

Bamboo creates a unique, exotic impression thanks to its typical knots and impresses with a very strong surface resistance.

Available in these styles:

 1-strip 182

Shown here:  
1-strip Bamboo Crème

# HARD MAPLE

In comparison to its European equivalent, the Canadian maple darkens to beige-pink and is perfectly suited to generate a light atmosphere in any room.

Available in these styles:

1-strip Iroko (Kambala) Natura

# IROKO

The warm, honey-coloured base tone of Iroko is a great partner for parquet flooring that is dark yet bright, and also works very well with other types of wood..

# PLUM

The subtle grain of Plum ensures gentle accents, without being too overpowering, for a variety of furniture and colour combinations.

Available in these styles:

3-strip

Shown here:  
3-strip Plum Natura

# PEAR STEAMED

The warm-hearted, red-brown softness of the fine-grained Pear creates a relaxed and elegant feel in rooms.

Available in these styles:

# CHERRY EUR. STEAMED

European cherry wood astounds with a balanced red-brown colouring and enlivens rooms with its natural impact, which is bursting with vitality.

Available in these styles:

3-strip

BILAflor® 500

Shown here:  
3-strip Cherry eur. st. Natur Natura

# BEECH STEAMED

Beechwood is an excellent accompaniment to a variety of styles of furnishing because of its light base tone. However, despite its great surface hardness, it also belongs to the sensitive types of wood.

Available in these styles:

-  3-strip
-  1-strip 182
-  BILAflor\* 1500
-  BILAflor\* 1000
-  BILAflor\* 500

# SCHEUCHER®

## stairbox

The system for the professional of parquet

- Measure stairs simply digitally
- Stencils are superfluous
- Data transfer from job site directly to Scheucher
- Stair steps ready for installation
- Greater added value for the professional of parquet

More information:

**Scheucher Holzindustrie GmbH**

Zehensdorf 100 | A-8092 Mettersdorf

Tel +43 3477 2330-0

[info@scheucherparkett.at](mailto:info@scheucherparkett.at) | [www.scheucherparkett.at](http://www.scheucherparkett.at)

## Technical Information

Stairbox is a system, that simply enables the digital measurement of stairs and staircases as well as -in addition- the direct purchase of parquet elements ready for assembly from Scheucher (data

transfer ex site) . This is how the service spectrum of every floorer experiences a great expansion and customers get their floor and stairs from professional hands.

### STAIRS

Step treads of any kind in the same look like your parquet flooring will become comfortably possible with Stairbox in next to no time, no matter which basic form or consistence.

-  All types of wood

### FASCIA BOARDS

Also fascia boards, which equal the installed parquet flooring and blend harmoniously into the overall scene, don't pose a problem anymore.

-  All types of wood
-  Fine plaster white
-  MDF white opaque lacquered

### STAIR NOSINGS

The same applies to stair nosings: Just rely on the expertise of Stairbox and allow yourself to be won over by perfect results.

-  All types of wood

## Wood flooring

### Exquisite looks and a healthy environment

Hardwood floors have been tried and tested for centuries, their optical and environmental advantages having made them the first flooring choice for many homeowners. The combination of unique style, warm radiance and lasting beauty is another convincing argument for choosing a hardwood floor.

### Natural and healthy living environment with parquet

To keep your exclusive hardwood floor at its best please read the following advice before installing it:

- One of the natural characteristics of wood is that it is hygroscopic, meaning that wood adapts to the moisture content of its environment. This process is commonly known as the swelling and shrinkage of the wood. If the air humidity exceeds 65 % (in the summer months) or falls below 40 % (during the heating season) the boards may undergo noticeable changes in dimension (gaps in the heating season and cupping in summer).
- The parquet is supplied with a moisture content of  $7 \% \pm 2 \%$ . These figures of  $7 \% \pm 2 \%$  are meant for air humidity from 40 to 60 % and a room temperature kept at a constant 18–24 °C. This room climate not only protects your wood floor but also enhances your comfort and health. We recommend using an air humidifier during the heating season and an air dehumidifier or short airing at high air humidity to maintain this optimum climate.
- Wood is a natural product and may show differences in colour and structure – for these reasons we will not accept complaints. Before installation you must ensure that the parquet planks have no defects. We will not accept any claims for installed floors.

## Care & maintenance

A specially developed range of cleaning and care products enhances the natural hues of my wooden floor. These nurturing products protect and preserve the beautiful sheen and individual character of the wood. Gentle treatment essences ensure the surface remains smooth yet hard-wearing. Please pay attention to our care instructions to keep your parquet flooring in optimal condition.
